

Town of Woodstock  
Swimming Pool Pass  
Out-of-Town Resident

A family constitutes five (5) members – two adults, three children – living in the same household:

- All members must be listed on the pass at the time of purchase.
- One child can be substituted for an adult (one adult, four children), or more adults living in the household can be added (for example, another caretaker who resides with the family).
- Passes can be issued at the Municipal Office or at the Pool, and “In-Town” or “Out-of-Town” status must be verified by a photo ID with an updated address
- Pool patrons will not keep their passes. They will be kept at the pool in an index card box in alphabetical order. Pool patrons will sign-in and lifeguards will verify that those patrons are listed on the pass.
- If passes are issued at the Municipal Office, staff will place them in daily deposit bags. If the pass is to be utilized that day, staff will call the pool to notify them of the pass.
- Any abuse of the pool pass system can result in the revocation of the pass.
